Workflow Exploration Report

Blog Category Filtering and Pagination

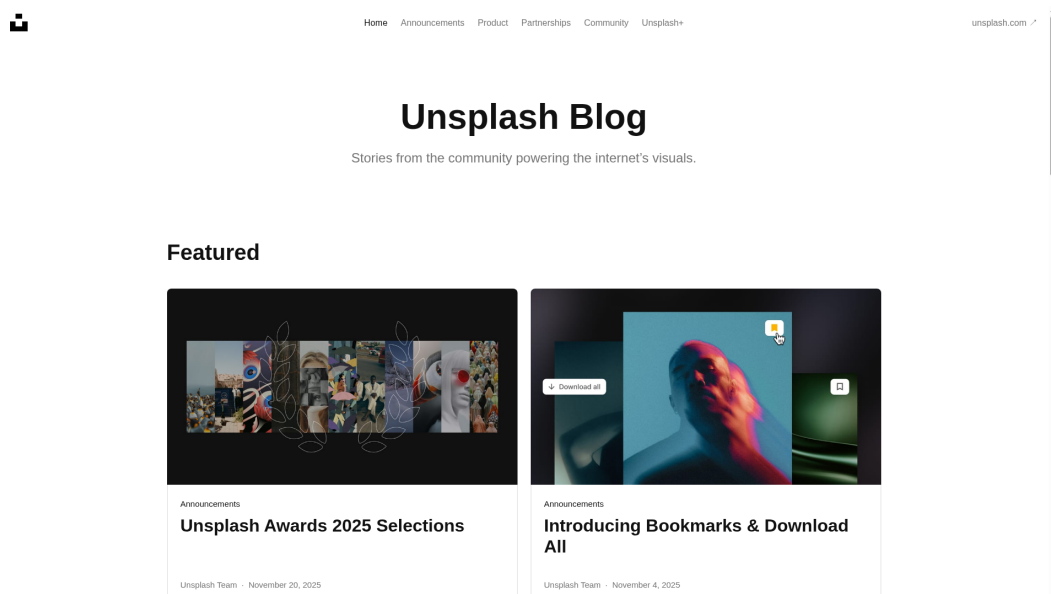

Website: <https://unsplash.com>

Feature Area: Unsplash Blog

Goal: Filter blog posts by category and load more content using pagination.

Generated: April 07, 2026 at 08:54 AM

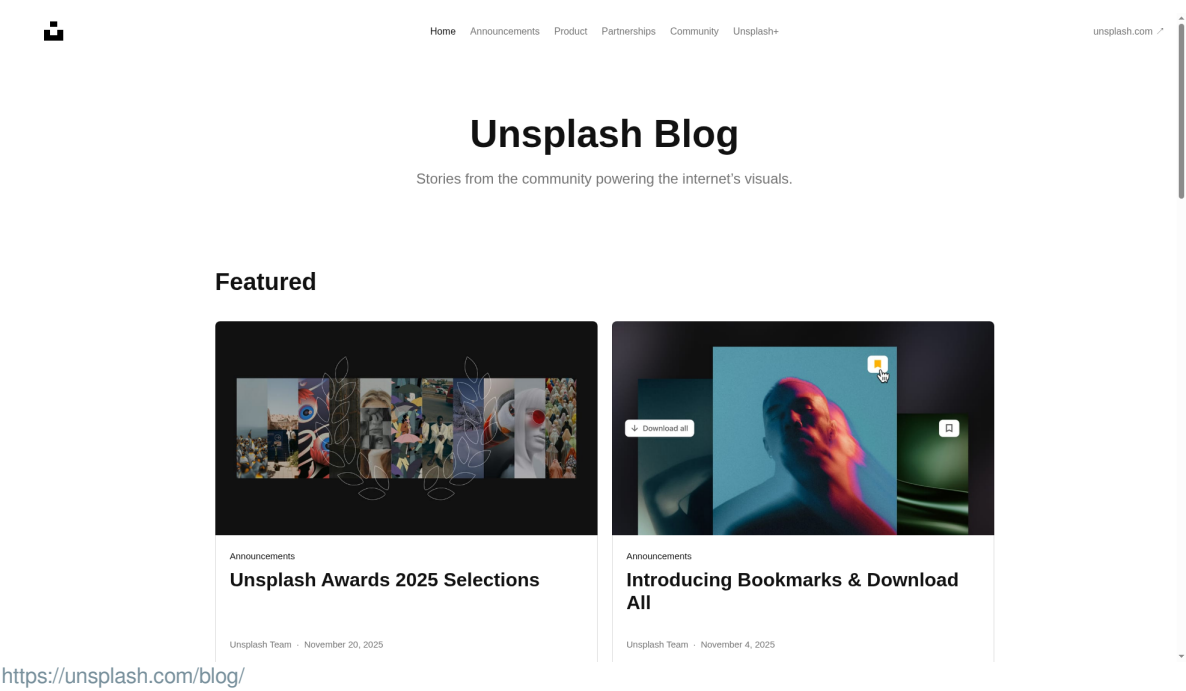

The AI successfully navigated the Unsplash Blog, filtering content by the 'Product' category to view specific industry updates. It then demonstrated pagination functionality by loading additional articles and concluded by accessing a full article detail page to verify content readability.

Step-by-Step Walkthrough

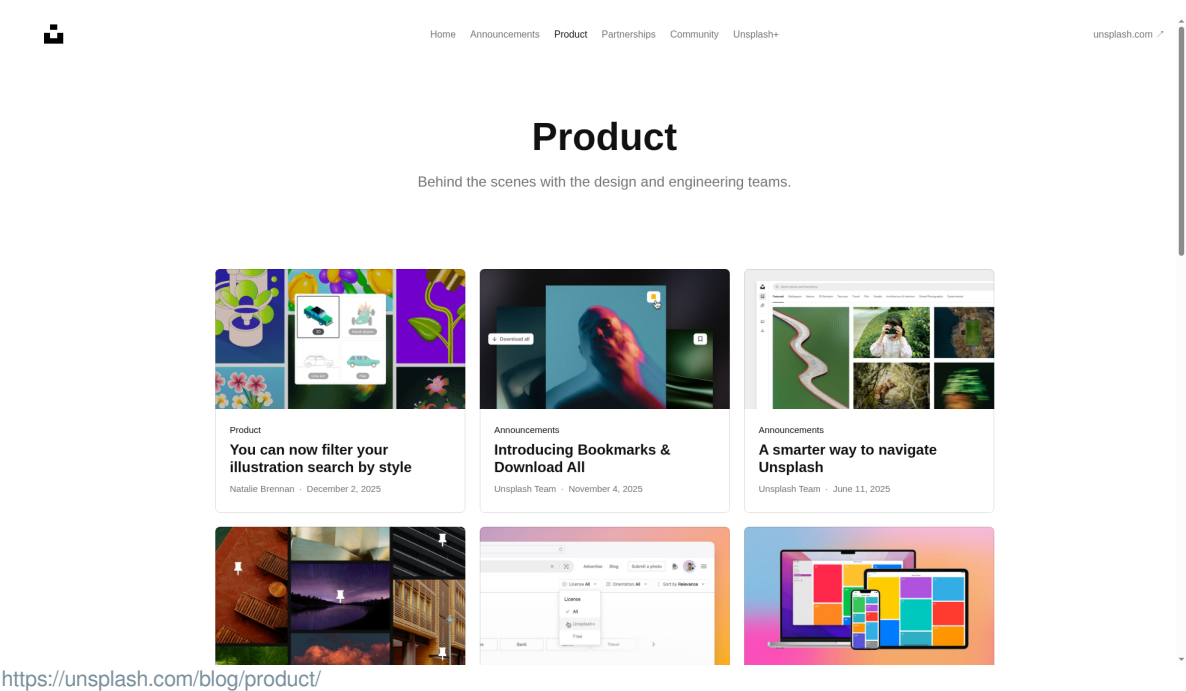

1. Navigate to Unsplash Blog

The AI navigates to the Unsplash Blog homepage to begin the exploration of stories and updates.

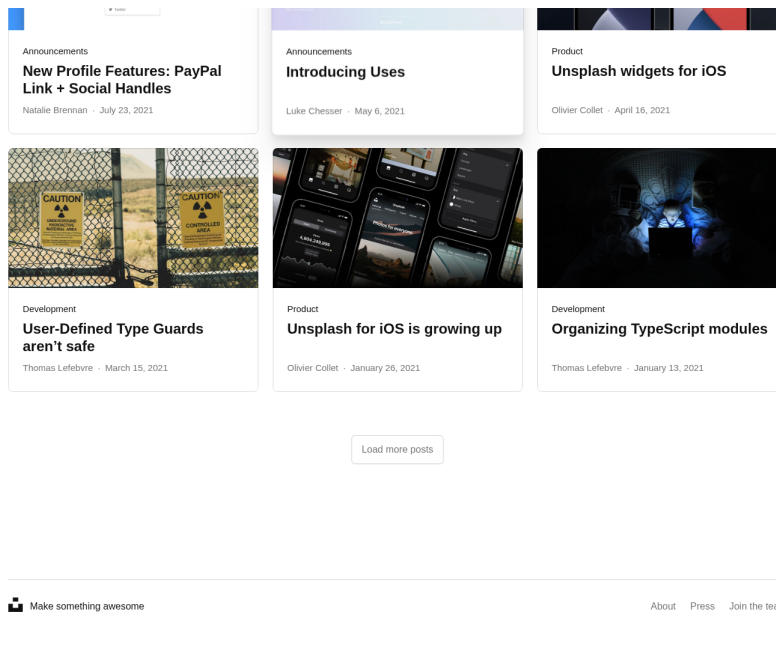

2. Filter by Product Category

The AI selects the 'Product' category from the navigation bar to filter for design and engineering-related articles.

3. Locate Pagination Button

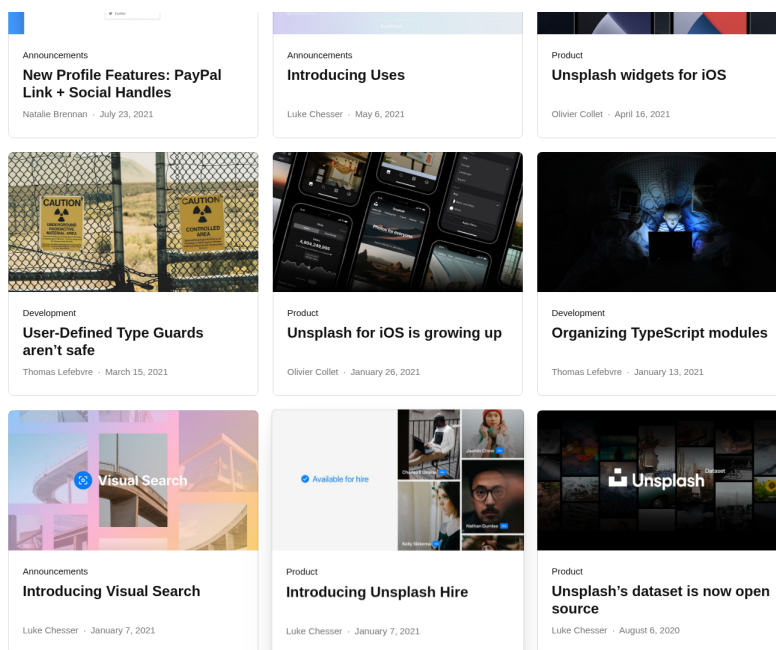

The AI scrolls to the bottom of the filtered list to find the 'Load more posts' button.
