Workflow Exploration Report

Help Center: Keyword Search and Article Discovery

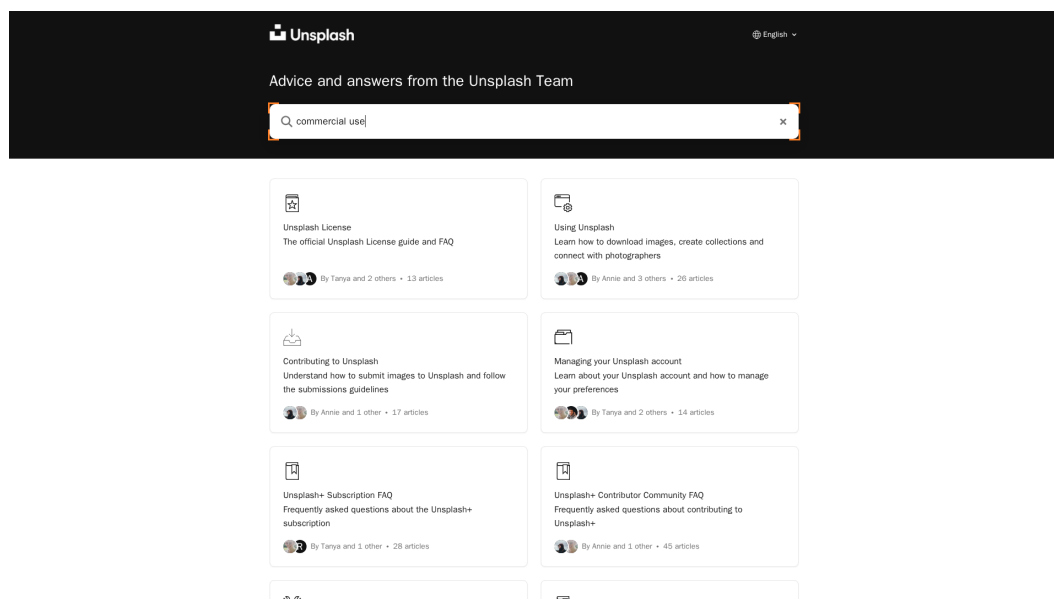

Website: <https://unsplash.com>

Feature Area: Help Center

Goal: Search for licensing information and read a relevant article. Success: Article content is displayed.

Generated: April 07, 2026 at 06:41 AM

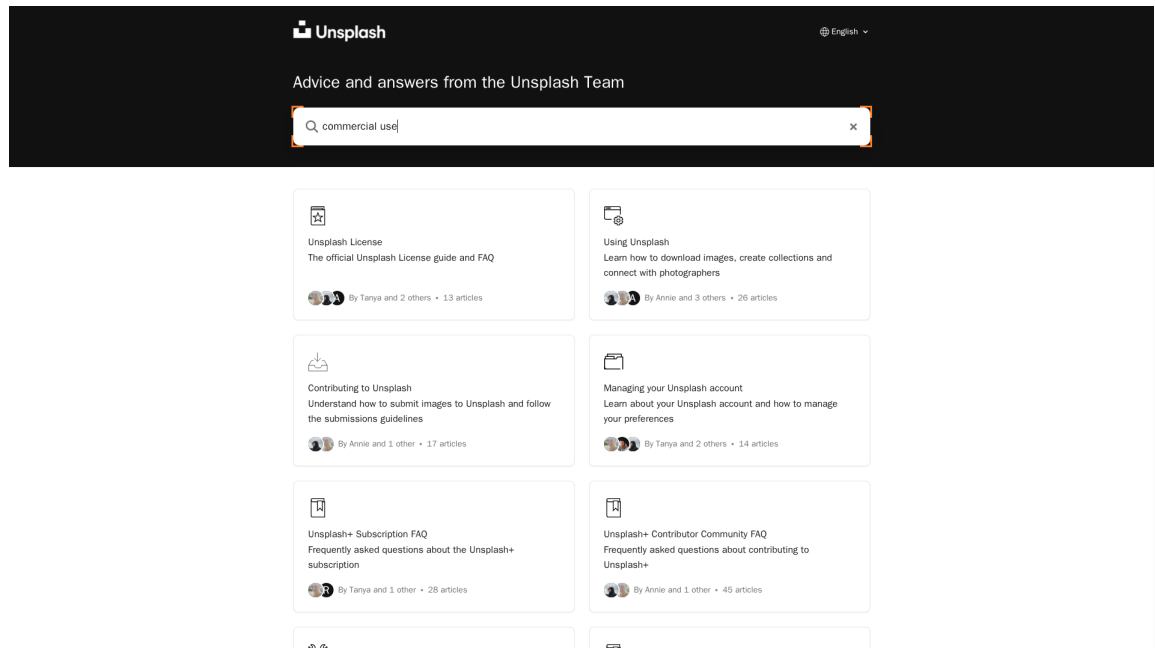

The AI successfully demonstrated two methods for discovering licensing information on the Unsplash Help Center: keyword search and category-based navigation. In both scenarios, the AI reached the target article regarding personal and commercial image use, confirming content accessibility.

Step-by-Step Walkthrough

1. Enter search keywords

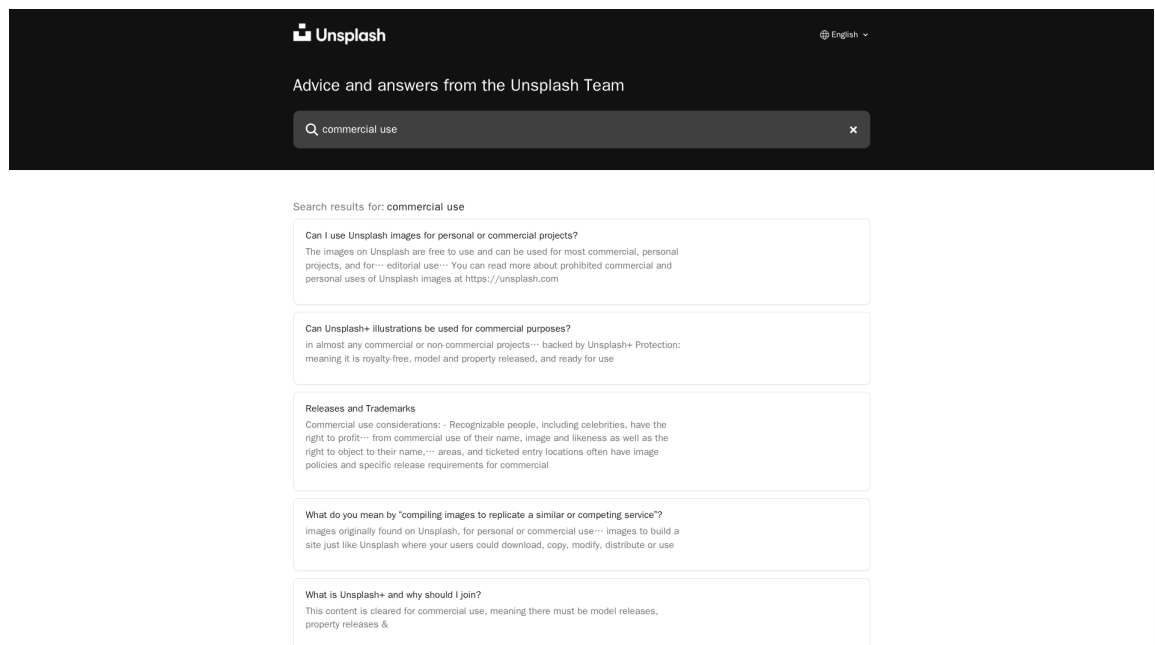

The AI navigates to the Help Center and types 'commercial use' into the search bar to find licensing information.

2. View search results

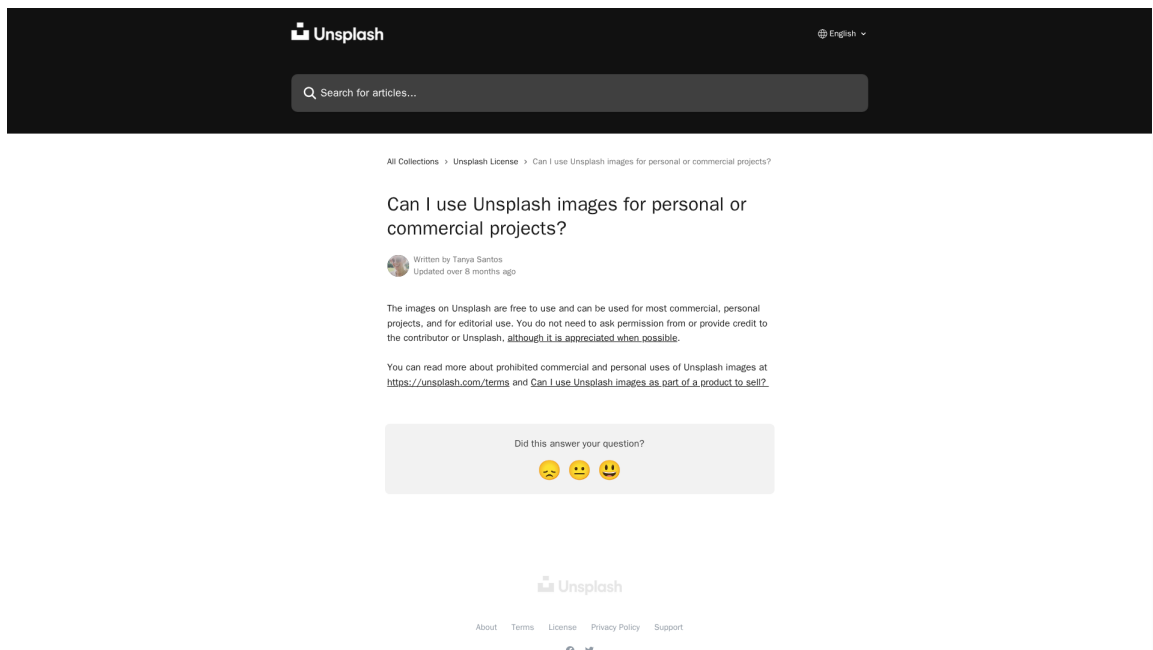

The AI executes the search and displays a list of articles relevant to commercial usage rights.

3. Open article from search

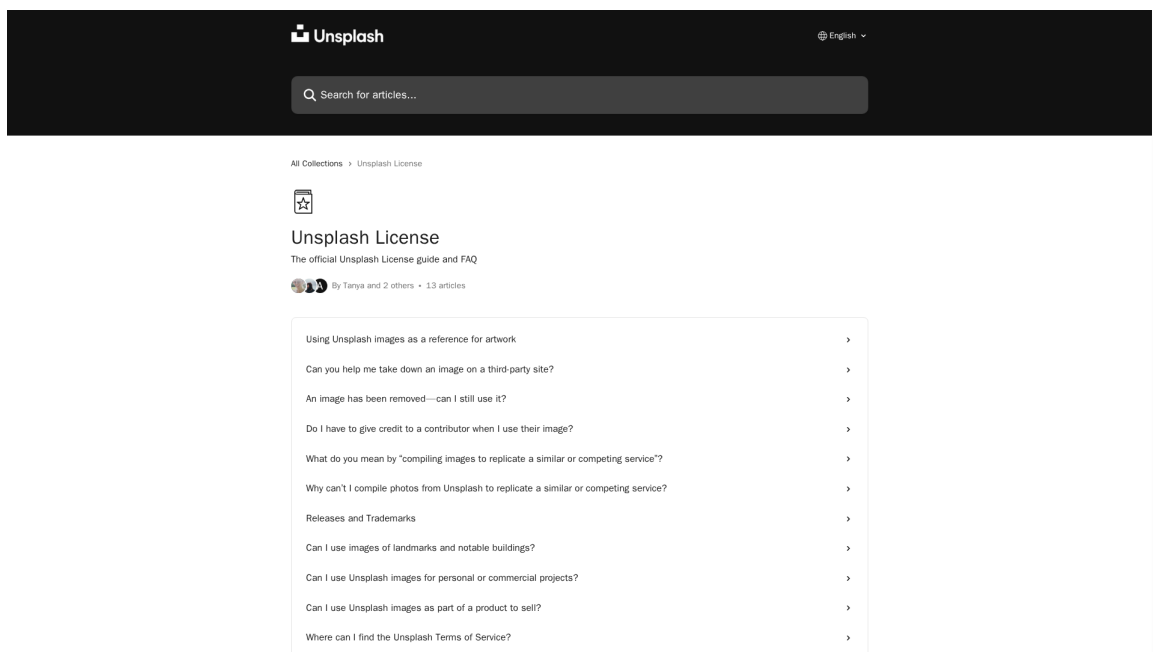

The AI selects the most relevant article from the search results and verifies that the full text loads correctly.

4. Navigate via collections

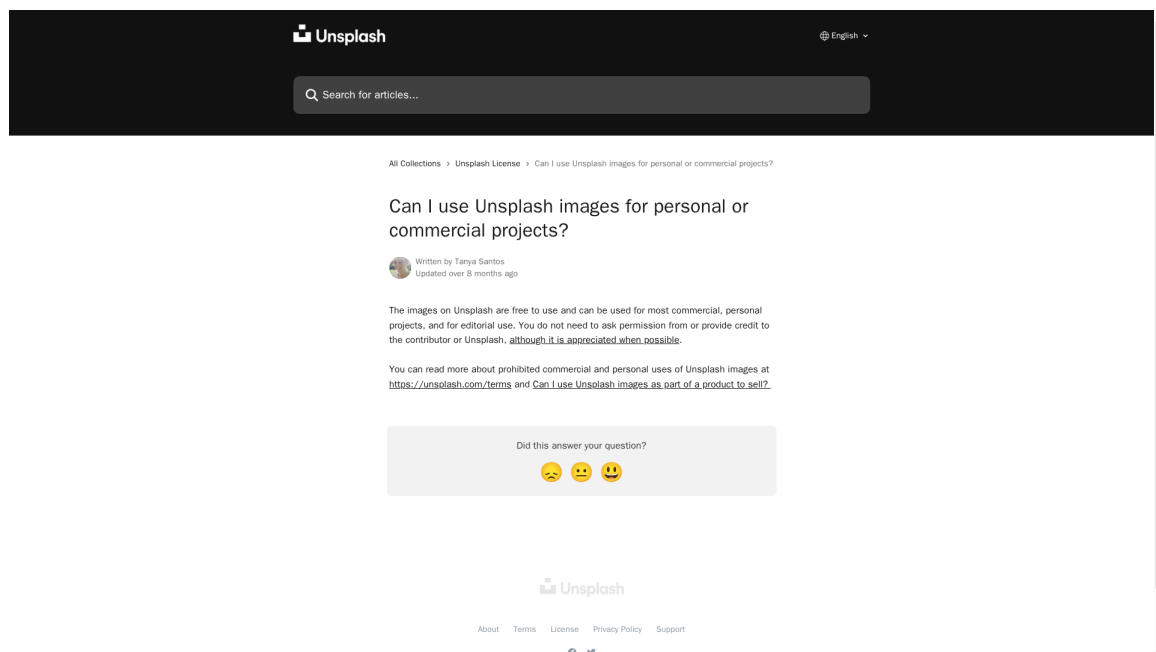

The AI explores an alternative path by clicking on the 'Unsplash License' collection to browse articles by category.

5. Verify article content

The AI successfully opens the licensing article through the collection list, confirming the end state of the second discovery method.

Help Center: Keyword Search and Article Discovery

Search for licensing information and read a relevant article. Success: Article content is displayed.

The AI successfully demonstrated two methods for discovering licensing information on the Unsplash Help Center: keyword search and category-based navigation. In both scenarios, the AI reached the target article regarding personal and commercial image use, confirming content accessibility.

- Navigate to <https://help.unsplash.com/en/>
- Type 'commercial use' into the 'Search for articles...' input field
- Press Enter to view results
- Click the article 'Can I use Unsplash images for personal or commercial projects?'
- Verify the full article text loads
