

# ROOST AI

## Workflow Exploration Report

### Blog: Category Filtering and Content Loading

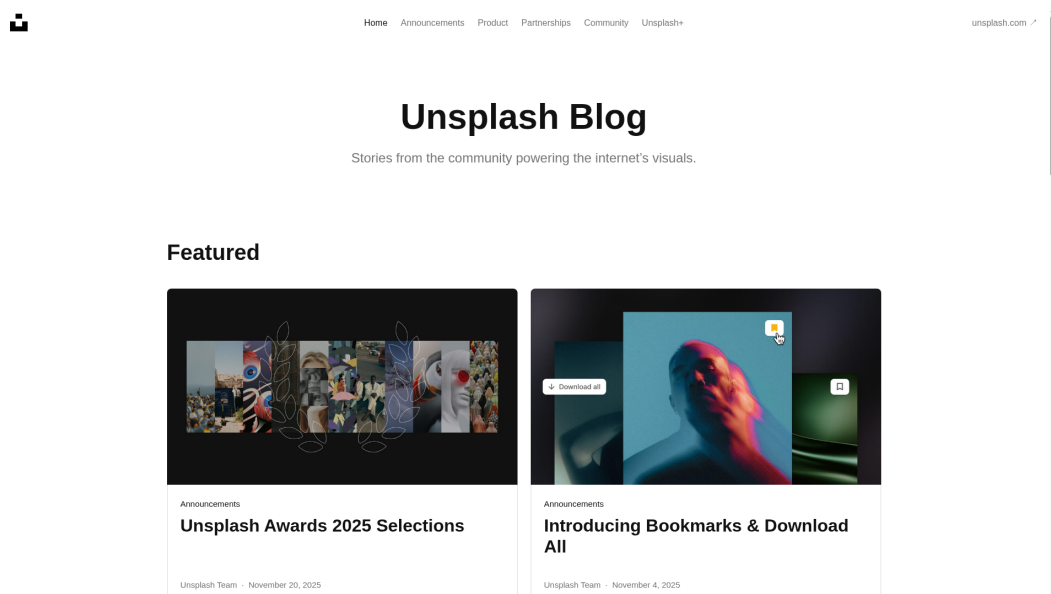

Website: <https://unsplash.com>

Feature Area: Unsplash Blog

Goal: Filter blog posts by category and load more content. Success: New posts are appended to the list.

Generated: April 07, 2026 at 06:41 AM

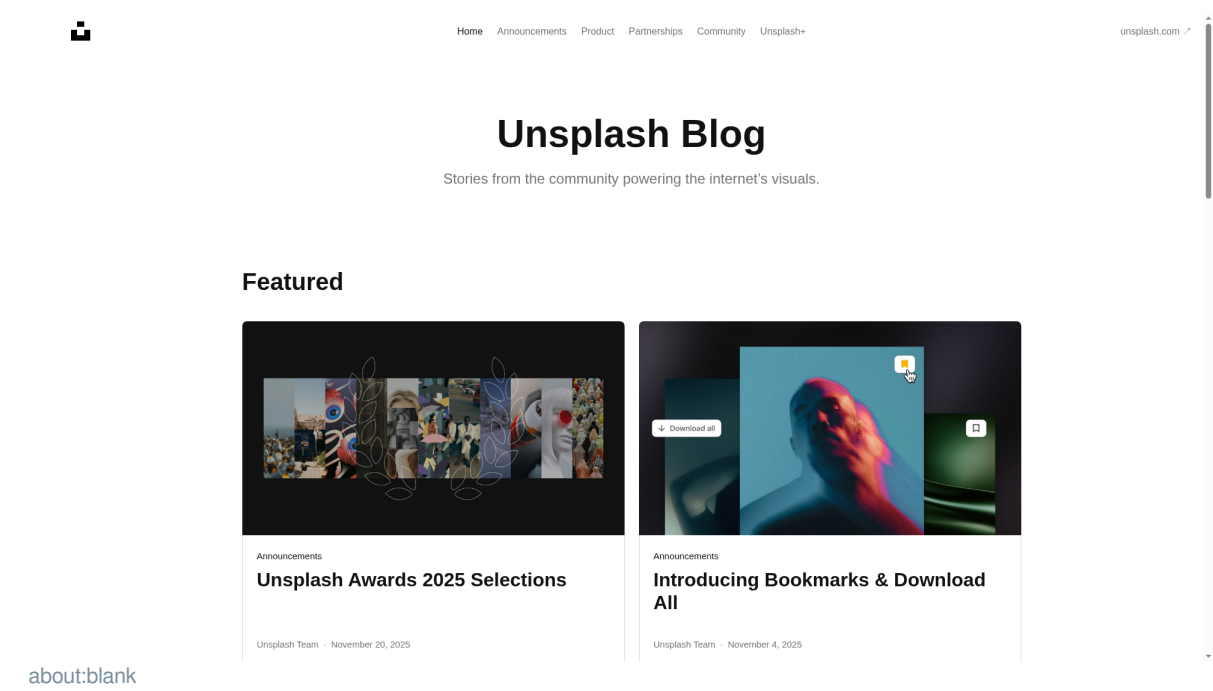

The AI successfully navigated the Unsplash Blog, filtered content by the 'Product' category, and verified the pagination functionality by loading additional posts. Finally, it confirmed content accessibility by opening a specific article from the expanded list.

# Step-by-Step Walkthrough

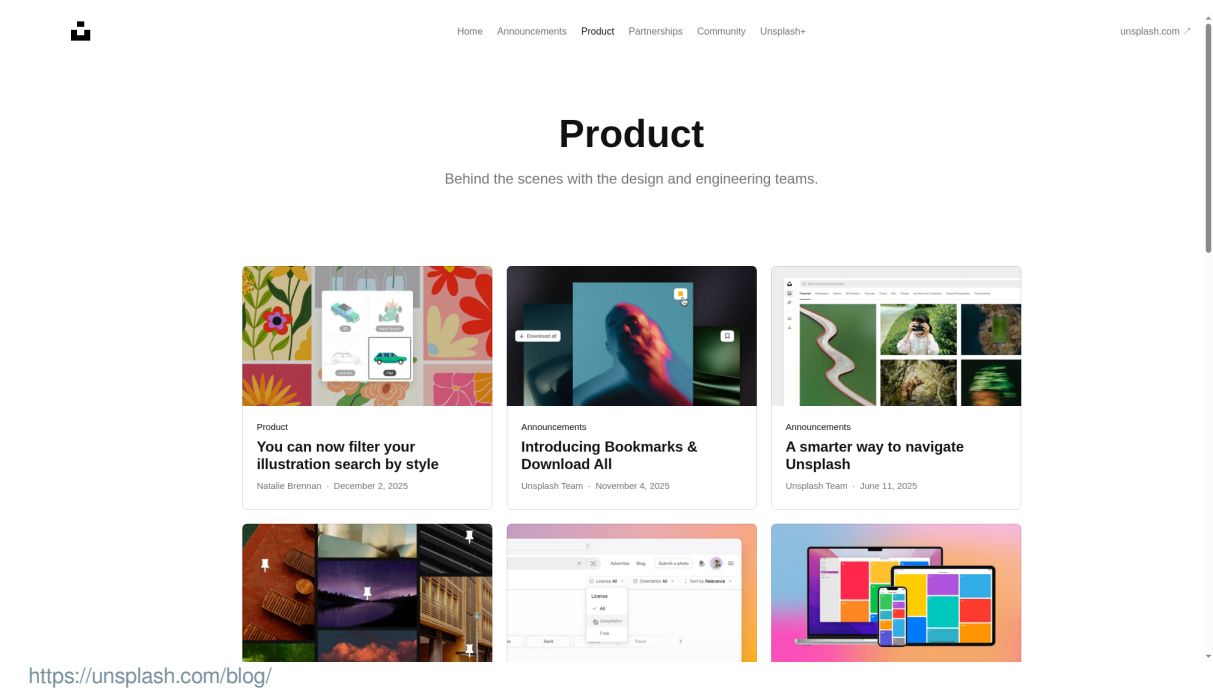

## 1. Navigating to Unsplash Blog

The AI starts the workflow by landing on the Unsplash Blog homepage to view featured stories.

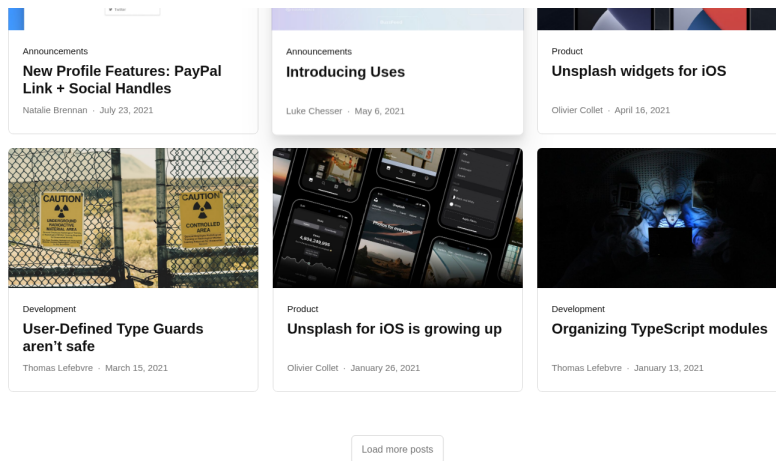

## 2. Filtering by Product Category

The AI selects the 'Product' category from the navigation menu to filter the blog feed.

## 3. Locating the Load More Button

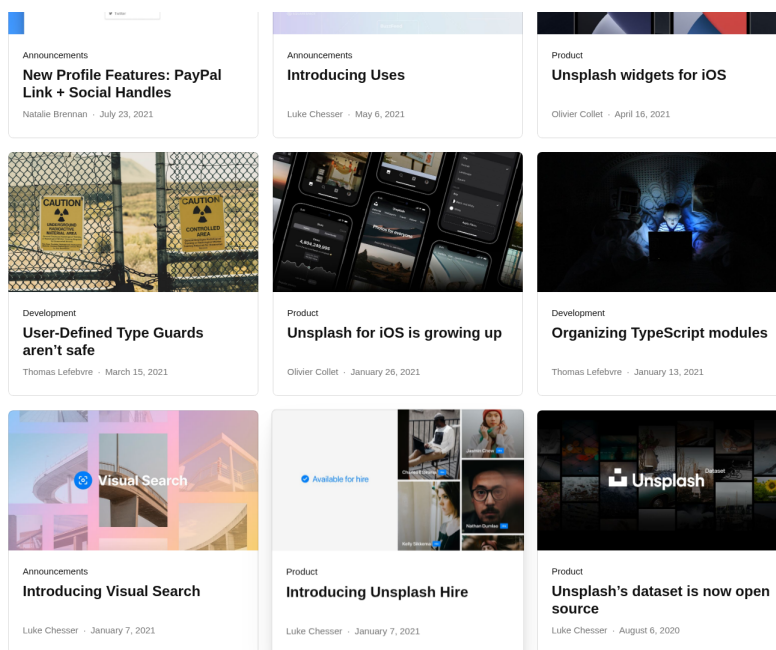

The AI scrolls to the bottom of the filtered results to find the pagination control.

#### 5. Viewing the Full Article

The AI clicks on a newly loaded article title to verify that the full content page loads correctly.

## Discovered Test Scenarios

| # | Scenario                                     | Type    | Priority |
|---|----------------------------------------------|---------|----------|
| 1 | Blog: Category Filtering and Content Loading | preview | low      |

### Blog: Category Filtering and Content Loading

Filter blog posts by category and load more content. Success: New posts are appended to the list.

The AI successfully navigated the Unsplash Blog, filtered content by the 'Product' category, and verified the pagination functionality by loading additional posts. Finally, it confirmed content accessibility by opening a specific article from the expanded list.

- Navigate to <https://unsplash.com/blog/>
- Click the 'Product' category link in the navigation
- Scroll to the bottom of the page and click the 'Load more posts' button
- Click on the title of a newly loaded article to read it
