Feature Area: Downloads

Goal: Unsplash Wallpaper Click (1)

Generated: May 28, 2026 at 05:34 PM

Confidence: 100%

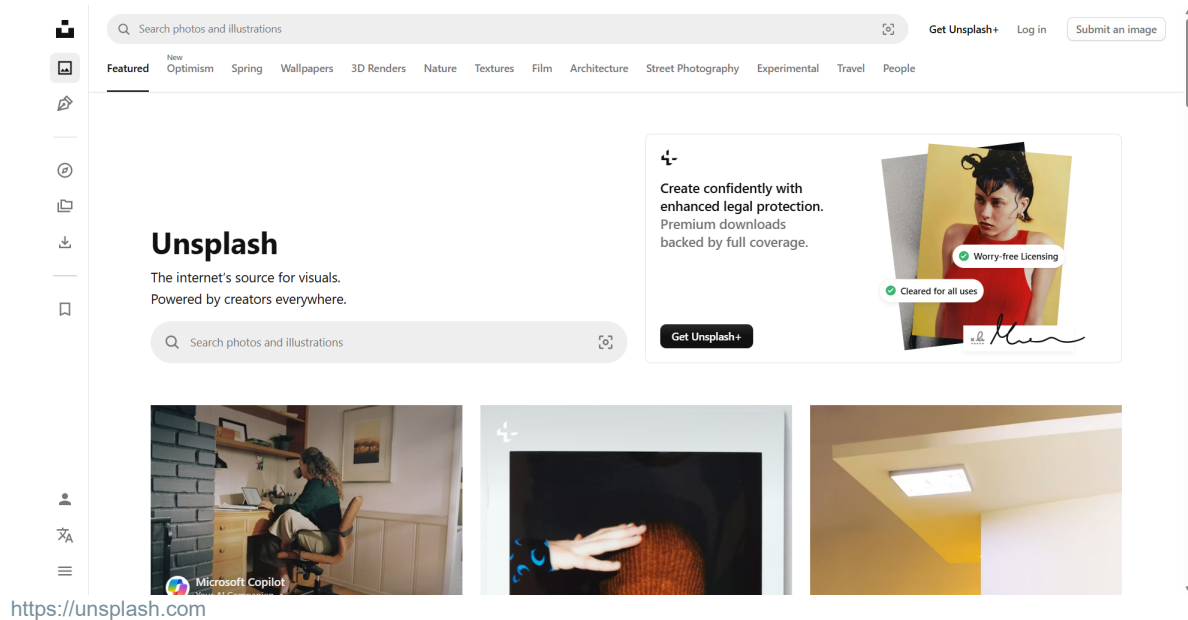

The AI successfully navigated from the Unsplash homepage to the Wallpapers category to browse curated background images. It then selected a specific wallpaper to verify that the detailed photo view and download options load correctly.

Step-by-Step Walkthrough

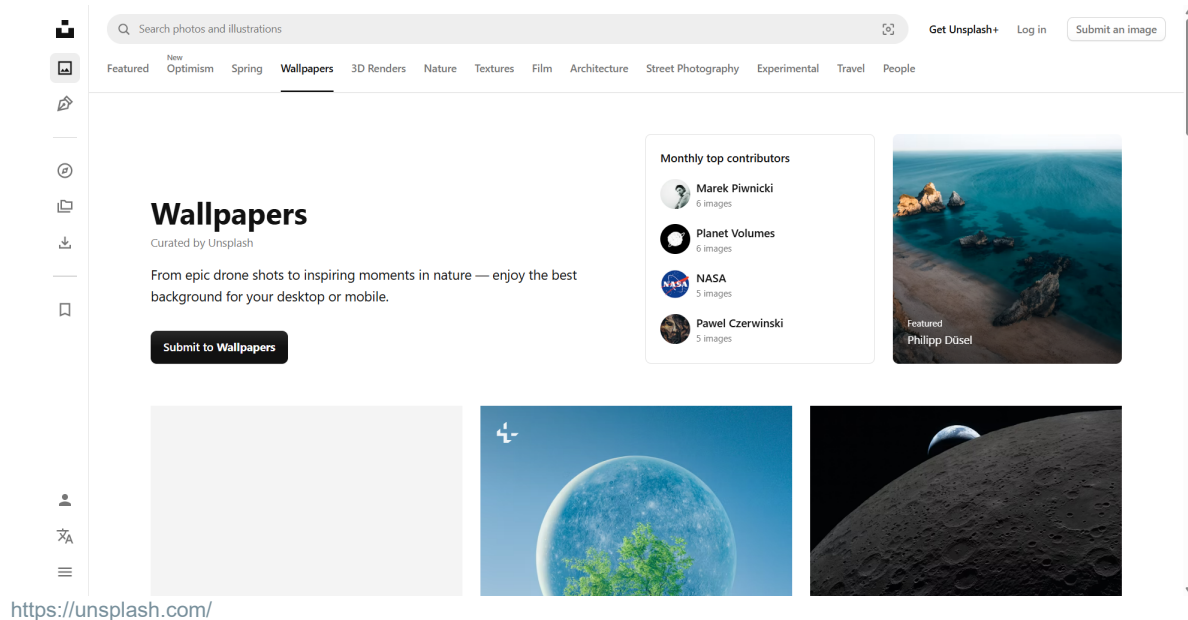

1. Navigate to Unsplash Homepage

The AI loads the Unsplash homepage to begin the image discovery workflow.

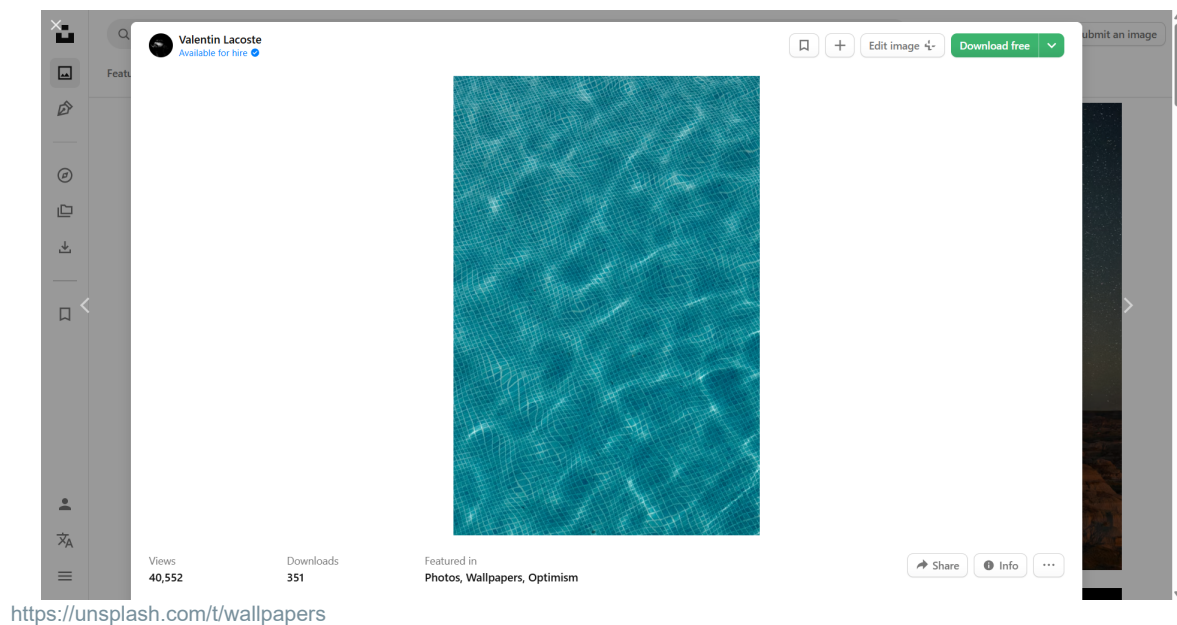

2. Access the Wallpapers Category

The AI clicks on the 'Wallpapers' tab in the top navigation bar to filter for background-specific content.

3. View Specific Wallpaper Details

The AI selects the 'Rippling blue water surface' image, opening a detailed view with download and sharing options.

Discovered Test Scenarios

#	Scenario	Type	Priority
1	Discovered Workflow: Unsplash Wallpaper Click (1) - Complete User Journey	e2e_business_workflow	high

Discovered Workflow: Unsplash Wallpaper Click (1) - Complete User Journey

Verify that a user can navigate from the Unsplash homepage to the Wallpapers category and select a specific wallpaper to view its details.

The agent started on the Unsplash homepage, clicked on the 'Wallpapers' category link in the navigation, and then selected a specific wallpaper titled 'Rippling blue water surface' to open its detailed view.

- The navigation to the specific wallpaper uses a descriptive role-based selector which is robust.
- Ensure the page is fully loaded before clicking the category link as Unsplash has a heavy image load.
- The final verification should check for the presence of the photo detail view URL pattern.
